☒ Urgent ☐ For Review ☐ Please Comment ☒ Please Reply ☐ Please Recycle

Dear Examiner Baker:

On August 7, we notified you that the Office Action mailed June 28, 2006, for Serial No. 10/608,943, appeared to be incomplete and, on August 9, you emailed in reply that you would review the action and re-do if necessary. We had also spoken by phone in that time period and my understanding was that an Office Action, if the noted one were incomplete, would be mailed within a week or so. Two weeks have now elapsed and the two month anniversary of the mail date of this Office Action is just a few days away (August 28). We still have not received an Office Action nor explanation as to how the June 28, 2006, Office Action was complete. Upon further review, as noted in the email of August 22, certain claimed subject matter in new claims 27-30 from our March 2006 response is not found in the other claims and was not apparently treated in the Office Action of June 28, 2006. We request that a complete Office Action be provided. If we need to petition to have this matter considered, please let us know who to petition to.

Regards,

Walter Malinowski, Reg. No. 43,423

CONFIDENTIALITY NOTICE: This fax transmission (and/or the attachments accompanying it) may contain confidential information belonging to the sender which is protected by attorney-client privilege. CONFIDENTIAL/ PRIVILEGED COMMUNICATION

Recognizing that Internet communications are not secure, I hereby authorize the USPTO to communicate with me concerning the below noted matter of the below noted patent application by electronic mail. I understand that a copy of these communications will be made of record in the application file.

Dear Examiner Baker:

I checked Public PAIR today for serial no. 10/608,943 and do not see that another Office Action has been mailed. As discussed below (emails of August 07 and 09), the Office Action of June 28, 2006, did not address new claims 27-30 at all - not in the header of a rejection nor in the body - and it also appears that subject matter of these new claims - e.g., non-zero element locations and column of a parity check matrix - was not addressed in that Office Action. We request verification by you that the Office Action of June 28, 2006, was incomplete and request, accordingly, that a new Office Action be provided with a resetting of the time period for response. We would prefer that any new Office Action be mailed before the expiration of the shortened statutory period of September 28, 2006. Please note that claim 26 was also amended in the response dated March 22, 2006.

Thank you for the allowance of claims 11-19.

Best regards,

Walter Malinowski

Dear Mr. Malinowski:

Thank you for notifying me of this. I will review the action and re-do it if necessary. After I've had a chance to see if anything significant needs to be added to the Office action I will let you know.

Regards,

S. Baker

PRIVILEGED CONFIDENTIAL SUBJECT MATTER

Follow up email

Dear Examiner Baker:

Regarding the final office action dated June 28, 2006, it appears that the action is incomplete. According to the copy of the amendment we filed March 22, 2006 (you refer to this amendment as being filed March 27, 2006), claims 1-30 were pending. Claims 27-30 were newly added, claim 30 being an independent claim. There appears to be no treatment anywhere in the June 28, 2006, Final Office Action of claims 27-30. Will you please acknowledge this email and let us know, if we are right, that you will send out another office action?

Thank you,

Walter Malinowski
